LOGNOTE -- Chief, Operations Group, 25 September 1986

1. [] Following notes are from today's AD/FBIS staff meeting:

25X1

[]

25X1

- Our new Director, [] will assume his duties 29 September.
- It was reported that (another [] is on contract with the Directorate to review existing office organizations and to study the Reston planning activity. Several FBIS organizational issues will be looked at by him.
- The most recent schedule for the move to Reston calls for the third floor to be occupied in late March, the second floor in mid-April, and the first floor at the end of April.
- C/ESG announced that yet another glitch has hit Internet. Verification testing at the Quantico ground station has been delayed approximately 3 weeks.
- All managers from branch level up are encouraged to attend a computer security briefing at 1000 on 17 October in the 4th floor conference room. (S)
